

STANFORD UNIVERSITY School of Medicine

BRAIN DEVELOPMENT RESEARCH

RECRUITMENT NOW OPEN!

We are seeking individuals diagnosed with:

**Fragile X Syndrome
Turner Syndrome
Williams Syndrome
Developmental Delay of Unknown Origin**

To participate in studies exploring the complex relationships among genetic factors, brain development, brain function, environmental influences, and behavior.

Participation involves a 2–3 day evaluation that may include:

- Cognitive and behavioral evaluation
- Brain scan using magnetic resonance imaging (MRI)
 - MRI scans are safe, non-invasive
 - MRI scans do not use X-rays or radiation

Benefits of participating:

- Free cognitive, behavioral, or neuropsychological assessment
- Research report of the assessment results
- Access to ongoing updates about the outcomes of the study
- \$100 - \$200 honorarium

For more information, please contact:

650-724-2951 Or toll free **1-888-411-2672**
