Help & Hope from Parents for their Children

“Matrix was the only resource that I found that was of help with my issues surrounding my child and is an amazing resource to our community. My parent advisor is worth her weight in gold and was incredible to work with.

.....

My parent advisor was a life saver to me and my family. Thank you for the Matrix organization.

.....

Matrix is GREAT! I recommend Matrix to other parents all the time, too. Thank you for being there!!

.....

Hopefully you will be there with me as my kids continue through school. Since I have had your help, I am no longer afraid of going to an IEP... God bless.”
