

# 10 Great Things You'll Find on "The CPIR Hub" @ parentcenterhub.org

## **Resources Galore**

The CPIR Resource Library houses over 1000 family-friendly informational or research-based materials on key topics for Parent Centers. This includes more than 450 NICHCY fact sheets, IDEA training materials, parent guides, explanations of Early Intervention and special education, the IFSP and IEP, transition planning, and more.

## **Buzz from the Hub**

Twice a month our e-news highlights hot new resources, upcoming events of note, and materials you can share with families via social media, your website, or your own e-newsletter. The Buzz also spotlights a different key topic every month.

## **Daily Facebook and Twitter Posts**

Follow the CPIR on social media for the latest disability-related resources that you can share with your own social media groups.

## **Private Workspaces for Parent Centers**

Work with colleagues across the Parent Center Network, exchange resources with other centers, discuss high-priority topics, and solve mutual challenges. Do all this and more in the private Parent Centers workspaces on the Hub. Register today, join different groups, or create your own groups.

## **Survey Item Bank**

Knowing if your workshops, trainings, events, and services are making the grade with families, youth, donors, and funders is important for program improvement and sustainability. This database of 150+ questions enables you to quickly and easily survey participants in your programs and services. The ready-to-use questions come from your Parent Center colleagues and have been reviewed by professional evaluators funded by OSEP.

## **Materials from Other Parent Centers**

Find new resources especially designed by and for Parent Centers. Has *your* center created resources that other Parent Centers would love to use in their own work with families? Submit them to the Hub or in the private workspaces: <http://tinyurl.com/pj25hrf>.

## **Webinars & Webpages on Priority Topics**

Parent Centers have a common list of priority topics from OSEP they are expected to address. The CPIR Hub connects you with great resources and info on webinars on these priority topics. Join live or at your leisure via the webinar archives. Topics include early learning, self advocacy skill building, assessments, and more.

## **Central Event Calendars**

The main Hub Event Calendar lists upcoming events from the national and regional PTACs. Also, register for the Parent Center Workspaces and join Hub Central to see the calendar for trainings and webinars or to post your own events of interest to Parent Centers.

## **Who Knows What?**

The CPIR Hub's own "yellow pages", the Who Knows What? online database of Parent Center profiles allows users to participate, discover, collaborate, and share their experience and knowledge as it relates to the work Parents Centers do to support children with disabilities and their families: [cpirwhoknowswhat.org](http://cpirwhoknowswhat.org).

## **Recursos en español AND the English Speakers' Index to Resources in Spanish**

Ofrecemos muchos recursos en español que puede compartir con sus familias, incluyendo la mayoría de NICHCY en español. *For those who don't speak Spanish, the Index to Resources in Spanish will help you easily find and share important information with the Spanish speakers you serve.*
