Sibshops are recreational monthly meet ups for kids **aged 8 - 12** where we have fun engaging activities, eat lunch, be silly/creative and also spend a bit of time chatting about the joys and challenges of having a sibling with special needs. Sibshops have been around for years and now we have one in Petaluma! These unique siblings will have a lifelong connection with their brother/sister with special needs and spending time with peers 'in the same boat' is quite helpful and reassuring!

Cost: \$45 for one child, additional sibling \$35

(a few partial scholarships are available)
