Stronger Together Than Apart!

By Sandi Strang, Director of Education

I'm sure you have heard the term inclusion used over and over these days, but what exactly is it and what does it look like?

Does inclusion simply "happen" when children with special needs are placed in a general education classroom or a community event? I think not.

Becoming an inclusive school or community takes time and patience. It starts with the belief that we are a better community together than apart.

Together We Are Mighty...

By Kristie Anderson, Development Director

Matrix Mighty Milers is a Matrix Parent Network and Resource Center running program for children with and without special needs. Everyone trains together and prepares for a big race. ***What's amazing is that the inclusion fostered through our Mighty Milers running program is even more important than the race itself!***

We are seeing friendships form and inclusion blossom as a result of this program. ***This very much translates into***

each and every kid's school experiences.

Mighty Milers who do not have special needs will go back to school with a heightened awareness of kids who are "different". They will be more likely to include them and befriend them. Kids WITH special needs are going back to school with more confidence than ever before, feeling more included and comfortable in their social experiences.

*"Most of the pictures I am getting from everyone are of all the kids interacting and engaging – it is truly beautiful. **You don't know who has special needs and who does not.** They are all just out there being kids. I cannot stop capturing these moments of newly found friendships. It is amazing."*

Matrix Mighty Milers 5K race coming soon

Matrix Mighty Milers is an inclusive summer running program **for kids of all ages and abilities**. The team has been training weekly for the **Santa Rosa Marathon 5K on August 25th**.

Mighty Milers & Friends

Our Mighty Milers have been training hard every Tuesday night at Howarth Park in Santa Rosa. **We have a total of 65 participants this year** and it is exciting to see the progress every week. The inclusion that is fostered and friendships that are formed are truly remarkable.

¡Más Fuertes Juntos Que Separados!

Estoy seguro de que ha escuchado el término inclusión una y otra vez, pero? ¿qué es exactamente y cómo se ve?

¿La inclusión simplemente "sucede" cuando los niños con necesidades especiales son ubicados en un salón de clases de educación general o en un evento comunitario? Yo creo que no.

Convertirse en una escuela o comunidad inclusiva requiere tiempo y paciencia. Comienza con la creencia de que somos una mejor comunidad juntos que separados.

Comunidades inclusivas:

[Marin](#)

[Solano/Napa](#)

[Sonoma](#)

Reconoce que TODOS los niños se pueden beneficiar de aprender y estar juntos.

- **Construye amistades** mientras aumenta la apreciación y la aceptación de las personas con diferencias.
- **Enseña respeto** ayudando a los niños a ver que todos somos miembros importantes de nuestra comunidad.
- **Celebra** los regalos únicos que tenemos para compartir entre nosotros.

Juntos Somos Poderosos...

Matrix Mighty Milers es un programa de corredores niños con y sin necesidades especiales. Todos entrenan juntos y se preparan para una gran carrera. **¡Lo sorprendente es que la inclusión fomentada a través de nuestro programa de ejecución de Mighty Milers es aún más importante que la carrera en sí!**

Estamos viendo formas de amistad e inclusión como resultado de este programa. **Esto se traduce en las experiencias escolares de todos los niños.**

Los Mighty Milers que no tienen necesidades especiales regresarán a la escuela con una mayor conciencia de los niños que son "diferentes". Es más probable que los incluyan y se hagan amigos de ellos. Los niños CON necesidades especiales estarán regresando a la escuela con más confianza que antes sintiéndose más incluidos y más cómodos en sus experiencias sociales. **Kristie Anderson, Directora de Desarrollo de Matrix, comparte sus observaciones a continuación:**

*""Todo lo que persivo de cada uno de los niños es interacción y compromiso, es realmente hermoso. **No se sabe quién tiene necesidades especiales y quién no.** Son todos niños pequeños. No puedo parar de estar mirar esos momentos de amistades recién descubiertas. Es increíble."*
